\$37.50

others down to \$22.00.

**Serge Dresses at \$17.50**

Only three in this lot.

One each, Brown, Green, and Wine

A good quality dress at a very low price.

## ROYAL YEAST CAKES

Royal Yeast has been the standard yeast in Canada for over 50 years, and it is a well known fact that Royal Yeast produces a greater amount of nourishment than that made with any other.

## The 1919 Victory Loan

The people of Canada are once again asked to demonstrate their thoroughgoing Canadianism by subscribing to the limit of their financial ability to the Victory Loan, 1919.

Throughout the war the people of Canada never once failed to meet all demands made upon them by their country, and Western Canada, in particular, established a record for self-sacrificing patriotic effort unsurpassed in any province or country. Looking back over the history of the past five eventful years, the people of the West have countless reasons to be proud of their contribution, with which to reproach themselves, on the contrary, they have every reason for justifiable pride in their efforts and achievements.

The Great War is over so far as the fighting is concerned. It has ended in a triumph for our cause, a victory made possible by the efforts of the five years now happily gone. But while the fighting is ended, victory achieved, and our soldiers home again, one very important part of Canada's war effort is yet uncompleted. The Victory Loan, 1919, is necessary to finish the work.

War is a tremendously expensive business, and modern warfare calls for an expenditure of money undreamed of in the centuries of the past. Canada pledged its honor to contribute all its powers, resources and wealth to the winning of the war. We said we would go to the limit of our last man and our last dollar in such a just and noble cause. Our men went, thousands gave their lives, other thousands are maimed and suffering from wounds, all require to be again established in civilian life. The soldiers have done their part. They have brought irreparable honor and glory to Canada. As soldiers their work is ended.

But Canadians who remained at home, and who, therefore, had the easier part, have still to finish their share of the work. The bills contracted to win the war must be paid. Furthermore, the expense of war did not end with the actual fighting. It cost millions to bring our soldiers home, and many more millions for pensions and readjustment. It requires millions for reconstruction work. Other millions are necessary to finance the sale of the products of Canada during this reconstruction period throughout the world.

This money must be provided, and it must be provided by the Canadian people themselves. The Victory Loan is the medium through which this necessary provision is to be made.

When, during the war, our boys went "over the top," they had an objective before them, and it was to the credit of Canada's soldiers that they never once failed to reach their objective. But while the "storm" troops went forward, others had to do the less spectacular but equally important work of "mopping up." All enemy dugouts, machine-gun nests, snipers, had to be accounted for, and a general "clean-up" carried out. If this was not done, and done thoroughly, there was grave danger to the final success of the operation.

Canada as a nation has reached its objective in the winning of the war. Now the work of "mopping up" must be attended to; all bills must be paid, and adequate provision made for our soldiers, and the necessary funds provided to keep all the wheels of commerce and industry turning in this Dominion. With Bolshevism and unrest rampant throughout the world,

it would be nothing short of a national calamity if Bolshevism became rampant in Canada and unemployment widespread. The result would be disastrous, and no man can foresee what the next might be. A large over-subscription to the 1919 Victory Loan will avert such a disaster.

This is not a loan to the Minister of Finance. It is not a loan to the Government. It is a loan by the people of Canada to Canada itself. In other words, it is a loan by individual Canadians to themselves in a collective capacity. It is a loan for national purposes, and every cent of the loan will be spent in Canada and then redistributed again to the people of Canada. Canadians will receive the interest paid on the loan, and will ultimately receive back the whole of the principal sum.

If Canadians fail to subscribe the amount required, Canada must borrow its cash from the outside world. It is far better that the money it needs, it stands to reason that other people will only loan to it at absolutely ruinous rates of interest. Furthermore, the payment of this interest abroad will constitute an annual drain upon Canada, impoverishing it, but adding to the wealth of other countries.

Canada must pay its war bills and finance its own reconstruction policies. It is far better that the individual taxpayer and the nation that Canadians themselves should provide the principal sum to cover such expenditures, and to pay to themselves the interest charges on that national indebtedness.

Every Canadian should, therefore, strain his or her resources to purchase the largest possible amount of Victory Bonds. Quite apart from helping Canada, and maintaining our national honor and credit before the world, it will prove a first-class investment. The security is unquestioned, namely, the entire resources of the Dominion. The interest rate is good—far better than that paid by any financial institution on savings accounts.

Help Canada to "mop up" by buying Victory Bonds, 1919, to the limit of your ability.

To Discover Cost of Flying

The financial possibilities of aircraft will be made clearer, and the cost of flying put on a sounder basis as the result of a flight to be held at Paris, France, soon. The course will run south from Paris to northern Spain, then westward, then south, back through France, Switzerland and Belgium to London and back to Paris again. At the end of the flight the machines will be examined and graded for security, comfort, speed, lifting power and cost of transport per ton per mile. The cost of the flight will be the first prize, and there will be other prizes ranging from one thousand to one thousand dollars.

Minard's Liniment Cures Garget in Cows.

Increased Bank Clearings

The confidence and increasing prosperity of Saskatchewan is reflected in the bank clearings at Saskatoon during the past month, when an increase of more than two and a half million dollars over the clearing house figures for September of last year, or practically forty per cent, was announced. This financial increase is general throughout the province and is indicative of the progress and success of its population.

Saskatchewan's Butter Production

Ninety-seven cars of butter, valued at \$1,215,000, were exported from Saskatchewan last year. This is an increase of eighteen cars over the number sent out of the province in 1917, and an increase of \$100,000 in value. Part of the increase in value is due to higher prices that were ruling in 1918 over those of the previous year.

The Goodness of Apples

Because we like apples we use them, but apart from that we use them because they contain healthful acids, needed minerals including iron, lime and sulphur, many calories of energy, and vitamin A nutrition. True, an apple is 85 per cent water, but so is milk, and the apple has 13 per cent of sugar and starches.

Deafness in women is due to their failure to practice the art of listening. Of course the serpent king things were coming his way as soon as he discovered a woman in the garden.

## MEASURE YOUR NECK

THE MONK CHEMICAL CO. LIMITED

43 South Main Street, Lacombe, Alta.

WRITE FOR BROCHURE "D"

Popularity of the Auto

United States Has Three and a Half Times as Many as in 1914

Registration of motor vehicles in the United States has increased at a rate of over one million a year for the past five years.

In 1918 there were registered over 345 times as many as in 1914. Today many automobile manufacturers, even though no longer on a war basis, cannot supply the demand for their cars.

Capital invested by manufacturers of motor cars, bodies, parts and accessories was well over one and a quarter billion dollars in the early part of 1918.

A dog makes almost as much noise when he barks at a man does when he backs his heels.

An old bachelor says it is better to die for a woman than to live with some of them.

BABY HAD DIARRHOEA

WAS GIVEN UP

DR. FOWLER'S

EXTRACT OF WILD STRAWBERRY

CURED HER

Mothers should look after their children during the hot summer months, as this is the time of year when the young ones are liable to all kinds of bowel complaints.

Four children have lost because of the bowels not being kept in good order. One of the best of the bowels is Dr. Fowler's Extract of Wild Strawberry. It has been on the market for the past 24 years. Don't accept a substitute and never endanger your child's life.

Mrs. Willis Campbell, Sandridge, Ont., writes: "About four years ago my little girl, then a babe two years old, had diarrhoea. I took her to a doctor, but he could not cure her. I then gave her up. I read of Dr. Fowler's Extract of Wild Strawberry and immediately gave her some. After two days she was improving. In ten days she was cured. I can't over-praise it enough. I see so many other mothers who see the letter and read them to a friend. Price 35 cents. Put up only by The T. M. Co., Limited, Toronto, Ont."

There are more thorns than roses on the path that leads to a woman's heart.

It Testifies for Itself—Dr. Thomas' Electric Oil needs no testimony. It is its own power that sells it. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

Plowing Moderate Depth

Provided the plowing of the summer fallow in the previous year has been deep, as it should be, there is little advantage in deep fall plowing for wheat. About four or five inches will bury the stubble satisfactorily and will not be so much in danger of leaving an open dry bottom to the seed bed as where a large amount of stubble is turned in too deeply. This is even more true of early spring plowing, where a moderate depth is decidedly preferable.

How The Scrap Started

John stepped on Smith's favorite corn. He is a dandy swimmer, but nature has compensated him for his unworldliness by furnishing him with an equivalent for a rod and line, with a bait always ready for use. Two elongated tentacles spring from his nose, which taper away like actual fishing rods. To the end of them is attached, by a slender filament, which serves the purpose of a line, a bait in the form of a shiny bit of membrane. The hooks are set in the mouth of the fish, and in order to reach the fish to venture within reach of them, the angler stirs up the mud at the bottom with his fins and tail. This attracts the fish and conveys him from his observation. He then plays his rod, the glittering bait glows in the water like a living insect. The dazed fish is taken in great numbers, perfectly circumscribed by the trick of the crafty angler.

Underwork

Cause of Imaginary Maladies Which Often End in Insanity

"Overwork is bad," said a doctor, "but it's nothing like so bad as underwork."

"Overwork may slay its thousands, though I doubt it, but underwork slays tens of thousands beyond question. Underwork is the cause of nervousness, insomnia, fatigue, and all that host of imaginary and yet incurable maladies which so often end in insanity or suicide."

"In the South Sea Islands the climate is perfect, nature is bountiful, and everybody can live without work. What is the result? The result is that the South Sea Islanders are feeble-minded, practically idiots."

"Andalusia is another place with a perfect climate and a perfect soil. Everything grows all the year round in Andalusia except weeds. The Andalusians devote themselves mainly to music and love-making. Result? A race of scrawny, underdeveloped idiots."

The total casualties in Persia resulting from air raids and by shells thrown by German long-distance guns, were 521 persons killed and 1,224 wounded.

## Tobermory Bay Interesting

Solving Questions in Connection With Spanish Gallies Are Sinking Fast

Tobermory Bay is becoming very interesting. The solving of questions in connection with the Spanish galleons, supposedly the Floridana, which for three and a half centuries has lain a wreck off the coast of the Isle of Mull, are being brought to light.

Previous things are being brought to the surface—among them a beautifully chased silver plate and the ornamental handle of a silver dagger. Interest in the operations has brought crowds to this part of the Scottish coast, and neither boat nor board is to be obtained by late comers.

The divers have not performed their work without some sign of protest from sea dwellers. One of their distributed some 15 feet. The sandiness of the animal was unmistakable. Treasure-trove is undoubtedly now within grasp, but difficulty is experienced in bringing the finds whole and unimpaired to the surface.

THE FALL WEATHER

HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. The sudden changes in temperature, cramps and colic, and unless a baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, and keep colds and mumps away. The Tablets are sold by medicine dealers everywhere. Write for a free trial. The Dr. Williams' Medicine Co., Brockville, Ont.

How We Can Prevent Fires

Guard Against Fire Loss By Using Every Precaution

Such simple precautions as the following will prevent many fires:

(a) Remove accumulations of rubbish from basements, outhouses and backyards.

(b) Never permit children to play with matches. Safety matches, that strike only on the box should be used in every home.

(c) Do not permit stoves and furnaces to become overheated and never leave fires unguarded.

(d) Never throw cigs and cigarette ends, and pipe ashes carelessly away. Smoking should not be permitted around garages, barns, stables, granaries and stacks. Children should never smoke.

(e) Oil, gas, and waste lights should be kept burning. Burn them immediately after using.

(f) Gasoline should not be kept in the house. Store it in at least 25 feet from any building.

(g) Oil stoves and lamps should be filled only in daylight and never on an open light or fire. Keep oil stoves clean and watch for leaks.

(h) Never attempt to kindle a fire by using coal-oil or gasoline.

(i) In open prairie country plough fire guards around buildings and granaries.

(j) Do not leave bonfires unguarded until the last spark has died out.

Some women who see things just as they are drive men to seeing double.

Miller's Worm Powders will drive worms from the system without injury to the child. The worms are so easy to take that the most delicate stomach can assimilate them and welcome them as a speedy cause of pain, because they promptly kill the worms that cause the pain, and thus the mother is spared the trouble of giving so strong a remedy at hand, no child should suffer an hour from worms.

The Flashing Frog

Angles For Great Expertise and With Great Success

There is a hideous reptile known as the flashing frog, which angles for its game as expertly and with as great success as the most adroit fly fisher. He is a dandy swimmer, but nature has compensated him for his unworldliness by furnishing him with an equivalent for a rod and line, with a bait always ready for use. Two elongated tentacles spring from his nose, which taper away like actual fishing rods. To the end of them is attached, by a slender filament, which serves the purpose of a line, a bait in the form of a shiny bit of membrane. The hooks are set in the mouth of the fish, and in order to reach the fish to venture within reach of them, the angler stirs up the mud at the bottom with his fins and tail. This attracts the fish and conveys him from his observation. He then plays his rod, the glittering bait glows in the water like a living insect. The dazed fish is taken in great numbers, perfectly circumscribed by the trick of the crafty angler.

His Resources

Old Rodolphe! What are your resources?

Nery Rodolphe! Well, I have two other rich girls willing to marry me if I cannot have your daughter.

Work of Big Berthas

The total casualties in Persia resulting from air raids and by shells thrown by German long-distance guns, were 521 persons killed and 1,224 wounded.

## Oil Resources of Western Canada

Area of Land Already Proved to Be Miles Long

That the latest oil resources of the Peace River and Athabasca districts of Western Canada are wonderful is no exaggeration. In the mountains at Charles J. Law, of Vancouver, who has just revisited that area on behalf of Boston interests.

The result of his visit has been the acquisition of 40,000 acres of land which are estimated to contain 30,000 tons of oil per acre. Of this land, 50 miles north of McMurtry, Mr. Law produced some interesting photographs showing banks of tar-sand, which he stated, were 160 feet thick and which would burn just like a torch.

These tar sands just above the water level, were shown by analysis to contain 23 per cent of oil and beneath the water level 33 per cent. Mr. Law said the oil was exactly like the kerosene of the famous Bakken wells, having a sulphur content of 0.1 per cent. The area of land at McMurtry—the terminus of the Alberta Great-Waterways Railway—Americans were taking up land by the thousands of acres, and every train and steamboat was crowded with newcomers. The area of land in that one district that has already been proved as oil bearing is 90 miles long, while the total area in the district is estimated at 10,000 square miles, said Mr. Law.

A drugist can obtain an imitation of McMurtry's oil at a very low price and he has labelled his own product. This is a serious limitation to the people who have not seen some of the many that every Tom, Dick and Harry has tried to introduce.

Ask for MINARD'S and you will get it.

Married Folk Pay Most

Family Heirs Pay Larger Part of American Income Tax

Four persons in the United States received net incomes of \$50,000 or over in 1917, according to the statement of the Bureau of Internal Revenue.

More than 100,000 people in Canada were received from people receiving between \$3,000 and \$4,000 a year than from any other class. There were 356,437 in the \$3,000 class, and average tax paid was \$27.90.

There were 311,523 people receiving between \$2,000 and \$3,000 a year. The average tax they paid was \$13.37.

Married folk pay the larger part of the income tax—the figures show. There were 1,459,723 married couples paying taxes on incomes totalling \$8,900,000,000. There were only about 250,000 returns from single persons, not heads of families.

The Flying Era

Mail-carrying airplanes are already an old story. Since A. Benedict Bond in "Inventions of the Great War," in Europe the big bombing machines are being used for passenger service between cities. There is an air line between Paris and London. The air line carries from a dozen to as many as 50 passengers on a single trip. In some cities here, as well as abroad, the police are being trained to fly, so that they can police the heavens when the public takes to wings. Evidently, the flying era is here.

Accept "California" Syrup of Figs

only look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels.

Children love its delicious fruit taste. Full directions for child's dose are on each bottle. Give it without fear. Mother! You must say "California."

Married folk pay the larger part of the income tax—the figures show. There were 1,459,723 married couples paying taxes on incomes totalling \$8,900,000,000. There were only about 250,000 returns from single persons, not heads of families.

Mail-carrying airplanes are already an old story. Since A. Benedict Bond in "Inventions of the Great War," in Europe the big bombing machines are being used for passenger service between cities. There is an air line between Paris and London. The air line carries from a dozen to as many as 50 passengers on a single trip. In some cities here, as well as abroad, the police are being trained to fly, so that they can police the heavens when the public takes to wings. Evidently, the flying era is here.

Accept "California" Syrup of Figs

only look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels.

Children love its delicious fruit taste. Full directions for child's dose are on each bottle. Give it without fear. Mother! You must say "California."

Married folk pay the larger part of the income tax—the figures show. There were 1,459,723 married couples paying taxes on incomes totalling \$8,900,000,000. There were only about 250,000 returns from single persons, not heads of families.

The Flying Era

# Big Labor Battle In Near Future

Washington.—What may prove one of the greatest industrial battles in history was believed by some observers here to be foretold by the announcement of Samuel Gompers, president of the American Federation of Labor, that a conference of the heads of the 112 international unions affiliated with the American Federation of Labor would be held in Washington in the "near future," to discuss present and impending disputes.

Cooperation of the four big railroad brotherhoods and the farmers of the country, as well as the labor organizations of Canada, probably would be sought, it was said, in furthering whatever program the union chiefs decide upon.

Mr. Gompers' announcement was contained in a telegram to the Illinois Federation of Labor, Peoria. His message was in reply to one in which Illinois organizations asked that a special convention of the American Federation of Labor be called to perfect an alliance of the international unions of the United States and Canada that might meet in the "near future" more effectively to fight out the life and death struggle of the workers now in progress.

Federation officials also pointed out that the Illinois branch proposed that the aid of the farmers be enlisted, and that strikes against the railroads, one-fourth of the net earnings of organized workers be made, "until the objects of this drive be accomplished."

## U. S. Miners to Strike

Last Efforts of Government to Bring About Settlement Were Unsuccessful

Washington.—The last government effort to avert the coal strike set for November 1 has failed utterly, and half a million miners will now work on the very edge of winter, with the nation's coal burning dangerously low. Even an appeal from President Wilson, which in bed at the White House, was not enough to bring about a conference that was from on the breaking point half a dozen times during the day. Charges and counter-charges flew thick and fast as the groups of operators and miners met out of the meeting, which began somewhat hopefully a few days previously. While the operators announced that they had accepted the President's offer to wipe the slate clean and negotiate a new wage agreement, the miners charged that the operators had bolted without the consent of Secretary of Labor, Wilson, the union center of an extraordinary light to save the country from distress and suffering.

Surrounded by a score of miners, John Lewis, president of the United Mine Workers of America, hurried out of the hall and halted, leaping enough to announce that his order stood and that the miners would walk out after a full day's work on the closing day of the present month. The final breaking up of the conference, Lewis said, meant that official notice of failure would be sent forthwith to the miners everywhere, to order the men out of the mines at the appointed hour.

Did Not Know War Was Over

Amsterdam, N.Z.—H.M.S. Iron Duke, with Sir John Jellicoe aboard, has been sighted in the Indian Ocean, near Christmas Island, where it met a landing party with revolvers, believing them to be Germans. They did not know that the war was over, having been cut off from the outside world for eighteen months.

Carson and Balfour Change Portfolios

London.—It is officially announced that Earl Carson has been appointed Foreign Secretary, in succession to Arthur J. Balfour. Mr. Balfour has been appointed Lord President of the Council to succeed Earl Carson.

# British Government May Not Resign

London.—The country is suddenly faced with the possibility of the resignation of the government, or the dissolution of parliament, owing to the quite unexpected defeat of the government in the House of Commons by a majority of 72. Only about half the members were present, and the vote by which the government was defeated was 185 to 113.

The Allen Bill, the earlier stages of which were discussed during the summer session, was in the report stage. The committee had previously inserted an amendment withdrawing pilotage certificates from all alien ships, and the government sought by amendment to modify this restriction in favor mainly of a number of French pilots, for whom special provision had been made in the existing Pilotage Act. This amendment, however, was defeated, although in

## Newspaper Changes In U. S. Probable

Result in Dramatic Conservation Policies

New York.—S. S. Carroll, one of the foremost newspaper publishers in the United States, in an interview to "Editor and Publisher," predicts that the serious newspaper shortage and the consequent advance in price must result in drastic conservation policies if the newspaper publishing business is to continue on a sound business basis, and hundreds of newspapers are to be saved from suspension. Increased subscription rates, higher advertising rates and other economies are, he says, inevitable if publishers are going to meet even part way the increased cost of production as represented by the enormous advance in wages, newspaper, machinery and other commodities, and service necessary to the production of a newspaper.

## Evacuation of Two Big Towns Ordered

Col. Avallot-Bernard Declares He Has Offered an Armistice to the Letts

Berlin.—The British naval commander at Libau, says a dispatch from Reval, Estonia, has sent a demand to Col. Avallot-Bernard to evacuate Ust, Dvinsk (Dunamund), and other towns, west of Riga, on the Baltic coast. Col. Avallot-Bernard, in reply, said that after unsuccessfully attempting a strategic base for an offensive against the Bolsheviks, he had offered an armistice to the Letts October 20.

He requested that his endeavors to obtain an armistice should be supported.

## Britain Supplied War Material to Russians

Tremendous Number of Guns and Ammunition Has Been Sent

Vladivostok.—General Knox, chief of the British military mission, in a statement to the Russian Telegraph Agency at Omsk, says:

"Great Britain has furnished the Siberians and General Denikin with great quantities of munitions—hundreds of thousands of rifles, hundreds of thousands of cartridges, hundreds of thousands of machine guns, as well as several hundred thousand sets of uniforms and equipments. Each cartridge fired this year by Russian soldiers was made in England, by English materials and by English work."

The supplies being shipped to Russia on English steamers.

## Occupation Plans Outlined by Foch

Transportation of Allied Troops Will Be Completed By November

Paris.—Marshal Foch appeared before the supreme council to outline the preparations for the military occupation of regions in which, according to the peace treaty, plebiscites will be held, and other military measures involved in the coming into effect of the treaty. There is reason to believe that the concentration and transportation of allied troops which are to occupy the areas will be ended by the beginning of November, so that the treaty could then be put into effect.

## Spanish King to Visit London

King Alfonso Likes English Life and English Sports

London.—The King and Queen of Spain are expected to arrive here for an indefinite stay. The King professes to play the part of a private individual, rather than that of an official visitor, during his London sojourn, and will stay at the Ritz hotel.

The king will spend some time shooting with the Duke of Westminster.

King Alfonso likes English life and English sports. He goes about the streets shopping like any tourist and picks up a cab when he needs one. The former King Manuel of Portugal and the Duke of Westminster are his intimates in England.

## Oppose State Purchase of Liquor

London.—Addressing the annual gathering of the United Kingdom Alliance, perhaps the most influential prohibition association here, President Lief Jones declared that any statesman who brought a measure for the nationalization of the drink traffic would not pass a fortnight.

A delegate who advocated a state purchase of liquor was denounced as a "Pussy-foot!" Johnson addressed the meeting.

## Inland Revenue Returns

Ottawa.—Receipts of the inland revenue department for September amounted to \$4,636,314, an increase of over half a million dollars, as compared with September, 1918, when they totalled \$4,099,690.

Collectors for war purposes totalled \$1,256,707, a considerable increase over September last.

## General French Condemns Sinn Feiners

Declares "Government" Has a Strong Army Composed of Assassins

London.—Speaking at Wallasey, Chester, Friday, Marshal Viscount French, Lord Lieutenant and Governor-General of Ireland, made a bitter attack upon the Sinn Fein government of Ireland. Among other things, he said:

"The Sinn Fein government is a government of assassins, and it is to be a great secret army called the 'Irish Volunteers,' to which are attached assassins whose business it is to murder policemen and soldiers who question their decrees by any means. The people are frightened into silence by the force, and courageous efforts on the part of the police are abortive. We are anxious to give self-determination to the people, but we cannot do so until the law and order are established. When the people hear of 'coercion' I hope they will consider the matter in a just light."

## Plenty of Sugar Soon

Supply Coming to Satisfy West for Six Months

Vancouver.—That the sugar shortage in British Columbia will be materially relieved within the next two months is evident from a statement made by B. D. Rogers, of the British Columbia Sugar Refinery, who said that starting next month a considerably larger quantity would be available, and notice to this effect would be sent to the wholesalers by the week-end. Two vessels from Fiji are on the way, the first carrying seven hundred tons, due here October 27, and the second, with 2,300 tons, coming a week later. Then will follow several cargoes of Peruvian sugar. As to the future, he stated that sufficient raw material is at hand to assure Western Canada an ample supply for the first half of next year.

## Will Avoid Politics

Prince Promises to Be Simple Sort of Farmer

London, Ont.—With the Prince of Wales in animated centre, a mob of cheering, laughing, struggling people swept the streets of London, Ontario, and over the autumn in the procession, climbing on running boards and nudging in their eagerness to welcome the royal visitor.

At the civic reception at the Terrace hotel, the prince addressed big gatherings, referring to his hope that he may be able to make of himself a good Canadian farmer and adding a playful promise that he would keep out of politics and controversies over the tariff. In part he said:

"I have been a farmer in the main since I landed in Canada two months ago, because I went West very soon after my arrival and did not linger long in Ontario, and the West is, essentially a land of agriculture. Farmers, I believe, in all respects see eye to eye with manufacturers and business men. As you, probably know, I have just bought a ranch in Alberta, and you therefore may expect me to develop strong views about such things as tariffs, which may differ somewhat from your own views. I should like, therefore, to reassure you at once by promising to be a very simple sort of farmer, who will not go into politics at all."

"To be serious, I am genuinely delighted at having this chance to see a very little of the great industrial centre of Eastern Canada, and to know the importance of their industries to the future of the Dominion as a whole."

## Warships Bombarding Fortress of Kronstadt

French Vessels Reported Active on Forth; Are Able to Keep Beyond Range of Forts

Copenhagen.—A dispatch to the Politiken from Helsingfors reports that French warships are bombarding Kronstadt. They are able to keep beyond the range of the fortress artillery, owing to the long range of their guns.

British Embassy in Berlin

London.—Wallford H. Selby has been appointed provisional representative of the British Government in Berlin. He will open the embassy in Berlin as soon as the peace treaty becomes effective. The Associated Press was officially informed to this effect.

## Australian Gratuity

Brisbane, Australia.—Premier Hughes in a speech here announced that the soldiers' gratuity of eight pounds a day would be paid in negotiable bonds carrying 5 1/2 per cent interest. The gratuity would cost the Commonwealth twenty-five million pounds sterling.

## Bolsheviks Defeated

London.—The Bolshevik forces have been driven back in the Kamushin section, losing 3,000 men, who were taken prisoner, and many machine-guns, according to Gen. Denikin's wireless message. Extremely fierce fighting is reported in that district.

## Refuse German Request

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

It is estimated that the coal areas of Canada are 7,500 square miles in extent and contain twenty billion tons of coal.

## Mennonites Must Comply With Law

No Deviation From Enforcing School Attendance Act

Winnipeg.—There will be no deviation from the rule of enforcing the School Attendance Act in Manitoba, and Mennonites, like other sections of the community, will have to comply with the law. Dr. Thornton, minister of education, told a delegation of Mennonites which requested the government to postpone enforcement of the law.

The visit was the result of developments in the municipality of Hanover, Man., following legislation enacted at the last session of the legislature.

Previously Hanover had no public schools, but the government has mapped out the whole district into public school areas and two schools are already in operation and two others nearing completion.

## Committee on Execution of Treaty

Lord Derby Appointed as Delegate to Represent Great Britain

Paris.—The nominations of various delegates to the committee on interpretation and execution of the peace treaty were put on record by the supreme council. The nominations included: Italy—Count Bonin-Langre, ambassador to France, and Signor Pleisano.

France—Stephen Pichon, the foreign minister, and Philippe Berthelot, political director of the foreign office.

Great Britain—Lord Derby, the ambassador to France.

Japan—Baron Matsui, ambassador at Paris.

## Sufferings in Russia

Men, Women and Children Are Falling Dead in the Streets From Hunger

Paris.—Reports from Moscow of the sufferings of the Russian people are given in the Figaro by a Russian princess arriving from Russia. "I will not speak of the terrible revolting and odious things that passed in the streets of Moscow," she said, "but only of the hunger incidents I saw with my own eyes and which were repeated day after day. I met a woman and child, ragged and clad in skeletons, the child crying constantly with an unchanging expression of terror. The mother said that the child was hungry and asked for a piece of bread as they had not eaten for twenty-four hours. I opened my purse, but the woman turned away saying, 'No, not money, but bread.'"

"Another time I saw a blonde-haired young girl with arms outstretched, leaning like a living crucifix against a wall and murmuring, 'I am hungry.' Next day she died."

"I have seen children, hardly clothed, hollow-cheeked, and with forms like shadows, on their knees in the street trying to pick from the paving stones grains of wheat that had fallen from a torn sack. I have seen before bakeries, men, women and children stretched on the cold stones, waiting through days and nights their turn to get their meagre ration of bread, and then often falling exhausted and dying at the door steps before they received it."

## Warships Bombarding Fortress of Kronstadt

French Vessels Reported Active on Forth; Are Able to Keep Beyond Range of Forts

Copenhagen.—A dispatch to the Politiken from Helsingfors reports that French warships are bombarding Kronstadt. They are able to keep beyond the range of the fortress artillery, owing to the long range of their guns.

## Canadian Ships Must Carry Wireless

Ottawa.—All Canadian ships sailing for ports in the United Kingdom will be obliged in future to carry a wireless installation and wireless operators, in order to conform to the requirements of act passed by the British parliament.

## Reds to Defend Petrograd

Copenhagen.—Leon Trotsky is reported to have arrived in Petrograd to arrange for the defence of the city. Every available man, including veterans seventy years old, is said to have been mobilized by the Bolsheviks.

## German-Austria Title Abolished

Vienna.—The National Assembly adopted an act abolishing the name of "German-Austria" for the nation and substituting the title "Republic of Austria." The Pan-German party offered violent opposition to this change.

## Trotsky to Defend Petrograd

Copenhagen.—Leon Trotsky is reported to have arrived in Petrograd to arrange for the defence of the city. Every available man, including veterans seventy years old, is said to have been mobilized by the Bolsheviks.

## Refugee German Request

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

W. N. U. 1287

# The Proposed Raise In Telegraph Rates

## Austrian Constitution Is Amended

Dr. Otto Bauer Chosen Chairman of Commission to Frame New Constitution

Vienna.—The national assembly has eliminated from the constitution adopted recently the provision declaring Austria to be a composite part of Germany. The elimination was determined upon to meet the terms of the peace treaty.

Dr. Otto Bauer, who last week resigned as minister of socialization, has been chosen chairman of a commission to frame a new constitution for Austria.

## Bulgaria Wants Trial Of Ex-Emperor

Demands the Arrest and Trial of King Ferdinand

Geneva.—A dispatch received here from Belgrade says the powerful peasant party in Bulgaria demands the arrest and trial of King Ferdinand, and also of former Premier Radovoff and Malinoff, as being responsible for the war and leading Bulgaria into misery and the loss of provinces. According to the dispatch, confiscation of all the royal possessions is demanded.

## Sir Adam Beck May Retire

Will Not Stay as Chairman Of Hydro-Electric Unless With a Sympathetic Government

Toronto.—Sir Adam Beck, interviewed, said he knew nothing of the discussion of the newspapers concerning his future course. He intended that it was very doubtful if he would remain as chairman of the hydro-electric commission.

"On no account will I stay, except in full sympathy with and behind the power development and hydro-electric projects," he said. "It would be useless to attempt to go on otherwise."

## Bo'shevik Destroyers Sunk

Three Hundred and Forty-six Lives Lost During Attack in Gulf of Finland

Stockholm.—Three hundred and forty-six lives were lost when two Bolshevik destroyers, in an attack on Finnish coast, were sunk by Swedish destroyers in the Gulf of Finland, struck mines, according to the Estonian official communication.

Four destroyers, fitted for mine-laying, the communication adds, left Kronstadt with the object of supporting a landing of troops.

## Delegates from Austria and Germany

Berlin.—The German and Austrian governments, it is learned, have decided to send delegates to the Washington Labor Conference, inasmuch as the supreme council of the allies has recommended their admittance as fully qualified members.

The delegates of the two nations probably will leave together for Washington soon.

## Reduction of Farm Hours Opposed

London.—The central and associated chambers of agriculture have adopted a resolution warning the government that any reduction of the hours of the agricultural workers would seriously limit the increase in food growing, increase the cost of living, and diminish employment on the land.

## Canadian Ships Must Carry Wireless

Ottawa.—All Canadian ships sailing for ports in the United Kingdom will be obliged in future to carry a wireless installation and wireless operators, in order to conform to the requirements of act passed by the British parliament.

## Refugee German Request

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

French Vessels Reported Active on Forth; Are Able to Keep Beyond Range of Forts

## Bo'shevik Destroyers Sunk

Three Hundred and Forty-six Lives Lost During Attack in Gulf of Finland

W. N. U. 1287

## Ottawa—The following statement was issued from the office of the railway commission: The board of railway commissioners have decided to hold an extended series of sittings over different portions of Canada for the purpose of obtaining the views of the public on the application of the telegraph companies for an increase of practically twenty per cent in the present telegraph rates.

The board will sit in Ottawa on Tuesday and Wednesday, November 11 and 12, at which sittings representatives will be heard from the provinces of Quebec and Ontario. They will be in Winnipeg on Saturday, Monday and Tuesday, the 15th, 16th and 17th days of November, at Vancouver on Saturday and Monday, the 22nd and 24th days of November, and at Victoria on Tuesday, the 25th.

On the return trip sittings will be held at different points in the western provinces, the exact dates of which will be made public within a very short time. It is also their intention to proceed to the Maritime provinces after returning from the West, where sittings will be held at one or more points, of which due notice will be given.

"As the question is of very great importance to the business interests of the whole country, it is to be hoped that the boards of trade generally will avail themselves of this opportunity of expressing their views at the times and places above mentioned."

## Indemnity Must Wait

Cecil Harcourt Declares No Action Can Be Taken Pending Ratification of Peace

London.—At question time in the Commons, Sir Cecil Harcourt, parliamentary secretary of state, stated that steps to recover the indemnity from Germany could not be taken until the peace treaty was ratified, but much preliminary work could be done in the meantime.

For instance, deliveries under four and five of the annexes of the treaty had been begun. W. C. Bridgehampton, M.P., parliamentary secretary of the board of trade, declared that Germany had no great quantity of goods to export.

## Propose to Deport Aliens

Washington.—Fifty-one aliens who withdrew their first citizenship papers to escape military service during the war would be deported under an amendment to the Alien Smelter Deportation Bill approved by the house immigration committee.

Members indicated that it was the purpose to recommend deportations of all the 1,700 aliens who withdrew their papers so as to avoid fighting with the United States flag.

## Wants Russia to Make Peace Offer

London.—Michael Terestchenko, former minister of foreign affairs in Russia, who fled to Sweden from his native country in 1918, has proposed to the state council at Moscow that a peace offer be made to the enemies of Russia, according to a wireless dispatch received here from Berlin. It is reported an official representative of the United States is in Moscow and is willing to submit the offer to the allies.

## German-Austria Title Abolished

Vienna.—The National Assembly adopted an act abolishing the name of "German-Austria" for the nation and substituting the title "Republic of Austria." The Pan-German party offered violent opposition to this change.

## Trotsky to Defend Petrograd

Copenhagen.—Leon Trotsky is reported to have arrived in Petrograd to arrange for the defence of the city. Every available man, including veterans seventy years old, is said to have been mobilized by the Bolsheviks.

## Refugee German Request

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

"Does God Really Exist?"—a study worth while in these days when the rationalistic spirit is abroad. This subject the second in a series of sermons on the fundamentals, will be discussed Sunday evening in St. Andrew's Church. In the morning, a special children's service when the pastor will give a special illustrated talk to the children, entitled, "From Darkness into Light." Parents are requested to come and bring the children.

Most things can be everybody's gift. Your photo is distinctly yours.

When in need of anything for Aladdin Lamps, see A. H. Blair, Builder, and Contractor, Phone 134, Lacombe.

### The Boris Hambourg Concert

The members of the St. Andrew's Church choir are to be congratulated on their bringing to Lacombe an artist of such outstanding musical ability as Boris Hambourg and his company. Boris Hambourg who is today recognized as one of the greatest cellists since the days of Alfredo Ruffo. Boris' musical education began in London when he was eight years old. Professor Rigoletto accepted him as a pupil at Dr. Hock's Conservatorium at Frankfurt and the great Joachim predicted a brilliant future for him. In 1895 he made his debut in London, and has played with much success in Great Britain, and European Centres. His American Debut was in October 1910 in Pittsburgh at Carnegie Hall and soon after he made his New York debut. His performance which was so successful that he gave three recitals in New York that season. This is Hambourg's 2nd Canadian tour under the able direction of W. Wallace Graham.

### Oliva

The Ladies' Aid of the Methodist Church will serve a Chicken Pie Supper on Friday next, Oct. 31 from 6 to 8 p.m.

A splendid programme of entertainment will be given in Brevelton Hall at 8:15 p.m. consisting of Quartettes, Quintettes, Dramatic Sketches, Character impersonation, Recitations, Duets, etc. This annual event has always been appreciated by the public, as only the very best is offered as a social treat. Come one—Come all.

### A.Y.P.A.

The first public meeting of the A. Y. P. A. was held at the home of Mr. and Mrs. F. V. Parsons, on Tuesday evening Oct. 21st.

Notwithstanding the inclemency of the weather there was a very fair attendance and over 20 members were enrolled. The membership fee was fixed at 50c. for the season which includes admission to all the regular meetings. Cards of membership may be obtained at any time from the Secretary, Mrs. Green or Rev. A. Love.

The next meeting will be held at the home of Mr. and Mrs. F. Roberts, on Tuesday evening, Nov. 2nd at 8 o'clock. The programme will include a debate, resolved that any reasonable wish can be obtained. Affirmative: T. Thorp, negative: Mrs. J. Shaw. A very hearty invitation is extended to everyone.

Town members will be conveyed to and from place of meeting free of charge. For further particulars phone 57.

### Attract—Arnett

Married at the home of the bride, Tristram, on Thursday, October 16th, Gabriel Arnett Attrell to Neva Fae Arnett in the presence of many relatives and friends. The marriage was solemnized by Rev. F. Lewis. The young couple left on Saturday morning for Edmonton, Alberta to fulfill appointment in Free Methodist Ministry.

### BORN

Watt—On October 20, 1919, to Mr. and Mrs. J. H. Watt, a daughter.

Smith—On October 27, 1919, to Mr. and Mrs. C. L. Smith a daughter, (Reuberta Lucille).

### Died

At Lacombe, on Friday, Oct. 24th, 1919, Margaret Allen, wife of F. A. Allen, Boston Mass., and sister of Dr. Hynes. The funeral was held on Sunday from the residence of Dr. Hynes. Interment being made in Lacombe cemetery.

### WHY A "WAR LOAN"

The Victory Loan Commissioners are now out, and request that everyone have their money ready when they call. They are going to put the loan over in Lacombe in good shape if you all will help. The Victory Loan of 1919 is a war loan—even though Canada is officially at peace. Wars do not end with the laying down of arms. The stroke of a pen at the bottom of a Peace Treaty does not by magic restore the ravages and destruction of war. There is the experience of all countries today, and is part of the history of past conflicts. Peace gives birth to a multitude of responsibilities that are the aftermath of war; and no responsibilities can be effectively faced without money. There is the great problem of the soldier which is by no means disposed of. There is the equally great problem of maintaining Canada's trade, and that she will be work for all and a ready market for the products of the field, the mine and the workshop.

Canada has been marvellously successful in averting the depression which usually follows peace. Owing to the success of the Victory Loans of 1917 and 1918 she found herself in a better position than any other belligerent save the U.S.A. to meet war-created problems better in a sense even than the United States which last spring was obliged to float a loan to liquidate short date liabilities. Canada has been able to treat her soldiers with the greatest generosity, and she did the United States, and is able to show a community, both agricultural and industrial, equally prosperous. But to maintain this prosperity and splendid stability, Canada must now float another war loan. Her people must support it generously or the good work cannot go on. It is up to every one who has prospered to buy 1919 Victory Bonds.

### Lowells News

The Ladies of the Needlecraft Society will hold a bazaar at the home of Mr. and Mrs. A. Frizell on November 17th. A sale of fancy articles will be sold during the evening. Seats, 25c. Adults, 35c. Children under 12 years, 15c. All are cordially invited.

Miss Jennie Frizell spent Thanksgiving with her two sisters Clara and Addie in Calgary.

Alfred and Agnes Key and Helen Booth spent Thanksgiving at their homes.

Rev. Mr. Brown who has been holding services at our school house left on Monday for C. S. A.

### Few Men Desire to Undertake

The proper administration of an Estate is no easy task. If put on the shoulders of a few business men can willingly spare from their own affairs; moreover should anything happen to the individual before the Estate is settled, confusion, litigation and delay, with accompanying loss, frequently result. The Trust Company specializing in the administration of property is the logical answer to the question of whom to name as your Executor.

Consult us now about this important matter.

**The Trusts and Guarantee Company Limited**  
EXECUTOR, ADMINISTRATOR, TRUSTEE, ETC.  
Calgary, Alberta.

### HERBERT THORP

Notary Public Conveyancer Insurance

2 inch tubular wells drilled anywhere in the Lacombe District. Hall and Terrill, Lacombe.

Any person finding any cattle branded BOX, right thigh and reversed L N with ear over on left ribs, please notify Ed. Peterson, Ponoka.

## McClary's Kookney

SURELY it is every woman's right to have a range like the Kookney!—a range that she can depend on—a range that is a real joy to work with—a range easy to keep clean—a range that "keeps the oven hot" with a small fire.

The cooking-top is burnished brighter than steel; it never becomes blackened. The oven wall of nickeled steel is easily cleaned. The duplex grates clean down the fire with a single swing of the lever. See this famous range.

Sold by A. M. Campbell

**Cattle Wanted**  
I am in the market for cattle of all kinds. If you have any cows, steers or young cattle for sale, see Mr. Geo. Stephenson, Phone 604, Bentley, Alberta. I pay the highest prices.

Restaurant in Connection

Highest Prices paid for Farm Produce of All Kinds.

## Titan Tractors

Ask your neighbor who owns one, just what he thinks of his 10-20 Titan Tractor. The extra amount of plowing done last fall, the new land he was able to put under cultivation during the summer, the complete satisfaction that the tractor has given him, is the best recommendation we can give you. Remember, the Titan is strictly a coal oil burning engine (cheaper fuel), that it runs 500 revolutions per minute (longer life), that its draw bar pull is 4 horse power more than its rating, (more power), it is backed by the Harvester Co., with its repair system, and their trained agents (the best possible service). And the price (\$1100). Yes that's the price, eleven hundred and fifty dollars. See us about one; we will be glad to demonstrate to you in any way.

On and after this date there will be no grinding done at the Chop Mill until after threshing is over.

## Bentley News

The Victory Bond Sale is on, and will last until Nov. 15. Our district consists of Types 40 and 41 in Range 1, 2 and 3. Our objective is \$10,000. The official canvassers are H. Thorp, J. G. Eversden, N. A. Palm and J. M. Fawcett. Any bank will also take your application. Ask for explanatory pamphlets at the stores. Every one ought to get at least one bond. The arrangement has been made so that if you have not the cash, you can still buy a bond and pay for it in ten monthly instalments, and the interest will be allowed as part payment. Surely nothing could be easier than this.

Furthermore let us remember that if the people of Canada do not buy these bonds, then they will be sold in foreign markets, and all the interest which we will have to pay in taxes will go out of the country. So by buying Bonds, we get some of our taxes back in interest. Canada needs the money just as much now as a year ago, the security is the same. Buy a

Mr. E. J. Nelson, left on Saturday for Portland where he expects to make his home in the future. Mr. Nelson will follow later. We are sorry to see Mr. and Mrs. Nelson leave as they are splendid citizens.

Mr. W. N. Reithel has moved into the old Druggists room until the bank residence is ready.

Mr. Goggins has erected a small cabin for himself across the street from Mr. Nelson's present residence.

Stock Tanks and Tank heaters at Morrison and Johnston, Bentley.

Mr. Chas. Whitesell has purchased the Wilson property where Mr. E. J. Nelson lived and has moved in. Beds, Mattresses and Springs at Morrison and Johnston, Ltd. Bentley.

Mr. McRae is moving his family into Mrs. Chas. Whitesell's residence on McPherson Avenue.

Mr. Ralph Wiese has rented Mr. Bert Williams' farm on the Bentley and Rimbey road and has moved his family up from Carstairs.

Miss M. Easter spent the week end with her friend, Miss Fleming, teacher at Baily Creek.

Mr. John Dane lost an automobile chain on the Lacombe road, east of the Fox Farm. He would be glad to have it returned.

Dr. Brown will be in Bentley on Thursday, November 20th. Have him attend to your eyes. Office in Cottage Home Hotel.

Mr. Wilber Whitesell has engaged as fireman on the Lacombe and Blindman R.R. for the winter.

Mrs. J. M. Falls is confined to bed with a recurrence of the malady which caused her so much illness last summer.

The Y.P.S. will open the winter programme on Friday night, Oct. 31st when the social committee has charge of the programme. As it will be halloween the programme will be spooky perhaps, but everyone is welcome anyway. The programme will begin at 8 p.m. and if you are not there then, you will probably miss something real interesting.

Mr. E. J. Packer has so far completed his house that he is now ready for business. He is a piano and violin teacher. For the convenience of the community he is agent for the Nordmeyer Piano and Brunswick Phonograph and will carry records. Mr. Packer is also a piano and organ tuner, and now will be a good time to get some of that wheeze out of your musical instruments.

Suitable reward will be paid for information leading to the recovery of same: S. Grumbach, R. R. 1 Bentley.

**Lost**  
10 head of yearlings of the following description: Heifers: 3 black, 1 red, 1 bald face, 1 red and white spotted, 1 black with spotted face, all milking, 1 red with horns, branded L.O. with quarter circle over on left ribs, 2 bulls, 1 red and white spotted, 1 red milking since last of May.

**C. F. Damron** **Actioneer**

## OFFICIAL PROSPECTUS

"The Bridge from War to Peace"—The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

## Victory Loan 1919

\$300,000,000. 5% Gold Bonds

Bearing interest from November 1st, 1919, and redeemable at the option of the Government at any time.  
5 year Bonds due November 1st, 1924  
15 year Bonds due November 1st, 1934  
Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.  
Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-named offices.  
Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and interest payable in Gold. Denominations: \$50, \$100, \$500, and \$1,000.  
**Issue Price: 100 and Accrued Interest, Income Return 5% per Annum**

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon rebuilding, and other reconstruction programs, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows: 20% December 9th, 1919; 31.25% January 9th, 1920; 10% on application; 20% February 10th, 1920; 31.25% March 10th, 1920.  
The last payment of 31.25% covers 30% balance of principal and 1.25% representing accrued interest at 5% from November 1st to due dates of the respective instalments.  
A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest. Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest at the rate of 5% per annum.  
This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.  
The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

**Payments**  
All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.  
Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:  
If paid in full on or before November 15th, 1919, per without interest or 100%;  
If remaining instalments paid on Dec. 9th, 1919, balance of 20% and interest (\$80.52 per \$100);  
If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100);  
If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.08 per \$100);  
If remaining instalment paid on Mar. 10th, 1920, balance of 30% and interest (\$31.21 per \$100).  
Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

**Denomination and Registration**  
Bearer bonds, with coupons, will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920. Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$50, \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000, \$100,000, or any multiple of \$100,000.

**Payment of Interest**  
A full half-year's interest at the rate of 5% per annum will be paid May 1st, 1920.

**Form of Bond and Delivery**  
Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.  
Bearer bonds of this issue will be available for delivery at the time of application upon exhibiting evidence of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.  
Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchanged for the subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

**Form of Bonds Interchangeable**  
Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.  
Proof of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

**Subscription Lists will close on or before November 15th, 1919**  
DEPARTMENT OF FINANCE, OTTAWA, October 27th, 1919.

BLACK SILURIAN MUFFS—Special at \$11.00 each

Here's Real Value in a warm stylish muff. 2 only.

## Red Cross Notes

Will and ladies who have won or Red Cross work still out, please finish the box or work and send them in to Mrs. J. Gourlay as soon as possible.

The following news letter gives particulars of the work which the Alberta Red Cross Society has been doing in Siberia.

Colonel Douglas Young, Acting Red Cross Commissioner for Siberia, passing through Calgary en route for Vancouver, where he will sail immediately for Vladivostok made a stirring appeal for the support of Red Cross work in Siberia in an address given at luncheon at the Board of Trade on Sept. 24th.

The luncheon was presided over by Mr. J. B. Southerland and Mr. R. B. Bennett, president of the Alberta Red Cross, introduced the speaker.

Colonel Young stated that the whole of Siberia was crowded with refugees who escaped from Central Russia. At Omsk, over 5000 people, educated people, with their wives and children, are living in holes dug in the ground with practically no clothes, all huddled together like sheep to get warmth from each other, with a temperature of between 50 and 60 below zero. The whole country is also rife with typhus, typhoid, cholera and small pox breaking out all over the place. These diseases are claiming from 200 to 300 victims a day.

Supplies have to come up along the line from Vladivostok to Omsk a distance of 4,000 miles. Vladivostok being only place where supplies can come in. All through this country portions of the line have been destroyed by the Bolsheviks. Those not destroyed by the Reds, have been destroyed by bands of robbers. The Bolsheviks, turned loose all the criminals from the jails. A great number of these joined the Red army, while others went into the country forming bands with nothing but the idea of robbery, and they manipulated against the villages in these districts. They also worked down to the line and wrecked our lines, with the idea of looting and although not working directly with the Bolsheviks, they were helping them in this way. Kolchack and Denekine, leading the Russian and Czech Slovak troops, have a population of only about eight million Russians to draw help from. Kolchack and his men can hold the Bolsheviks and defeat him, if he gets three things namely (1) Munitions, (2) Red Cross Supplies, (3) clothing for his troops. Munitions are coming both from England and France. Clothing and Red Cross supplies are now coming from China, Japan, Britain and Canada. Aside from the unspeakable atrocities which are perpetrated by the Bolsheviks, the paralysis of all industries and business enterprises

of every sort is working the most terrible hardship on the people.

The claim by the Bolsheviks that they will secure freedom of speech and press for the people, has proven to be so much bunk for the only one who enjoys freedom in Russia, is the Bolshevik himself. Labor conditions are the worst they have ever been in any country. Everything has been Nationalized by the Bolsheviks, who goes on the principle that what is his is his, and what his neighbor has belongs to him.

There is nothing in Siberia except what comes in. You see large stores all through the country, like the Hudson's Bay and T. Eaton's with shelves absolutely empty, and you cannot find the owner. You can buy nothing. We received 5 thousand pounds from the British Red Cross, and this was done in a day, used to purchase absorbent cotton, cotton wool and gauze. The Russian Red Cross are not supported with Hospital supplies, what does it mean? It means a German Russia. Germany is working night and day to Germanize Russia. She has large sums of money to spend in Russia and also large co-operative societies working all through the country, and which were also working before the war. These societies are doing everything to Germanize Russia, and Russia will be Germanized, if the Bolsheviks succeed. The Germans are simply using the Bolsheviks as their tools.

The British Red Cross and the Canadian Red Cross got into Siberia at the same time. The British Red Cross handed their supplies over to us to administer. Nearly 7000 cases of supplies came from Canada, and were at that time, all distributed to our own hospitals, and to the actual Russian troops confined in Hospital. Of these 7000 cases, 1,131 came from Alberta. Colonel Young said "I have seen men coming to hospital, with nothing on but a dirty old rag tied around their wounds, their clothes had to be cut off and burned." From last February to the first of June, the Canadian Red Cross sent over 47,000 pairs of pyjamas to the hospitals. These were distributed to the troops, and also the Russians as underclothing. In many cases, even the officers had very little clothing.

Letters which will reach you from the Russian Government, will show the people here who have done such work, how much their efforts are appreciated. Mrs. Potter, wife of Colonel Potter A. D. M.S. for this district, was there as Matron and she was simply wonderful. She worked night and day all the time, packing up parcels of supplies. Supplies were made up into individual parcels in order

that they might be distributed fairly. These parcels would be handed to men in hospital, so that nobody that was not deserving, of these would get them. You have only to see these letters, to realize how much Canada is appreciated. I had one instance of a Sanitary train. I was asked to get a great number of supplies for this train, and going down found that it was absolutely without anything. There were about 500 wounded men on this train and 12 nursing sisters who had hardly anything to wear. I am glad to say that I was able to help them.

We have a British Hospital at Vladivostok and one at Omsk, and all along this line have British Schools of Instruction, with over 150 officers and a certain percentage of non-commissioned officers. The Russian soldiers go through these schools and then come out and join the army.

The British Red Cross will work in Siberia through the Canadian Red Cross, so as to avoid overlapping. They will be behind us with money and supplies. The Canadian Red Cross has been requested to administer these.

Colonel Young received the assurance of the gathering, that he would have the support of the Alberta Branch of the Red Cross in his great undertaking, and after showing some of the official photographs depicting Bolshevik atrocities, which he had with him, he expressed his keen appreciation of the hearing he had been given and the ready promise of assistance that had been offered.

## Sir William Crooke's Glass

Probably the best tinted glasses ever invented for the relief of eye-strain caused by too bright sunlight is the glass invented by Sir William Crooke.

One of the good points is that the tinting is almost invisible. Whaps on the face it is hard to tell them from white glass. We can have your lenses ground in this glass, and you can enjoy the bright fall days without suffering from the bright sunlight.
